

## MALI

**PROJECT TYPE:** Gold Mine

**BEGINNING OF THE CONTRAT**: July 2013 **POPULATION ON SITE**: +1000 persons

SOMISY (Resolute Mining)

## **OUR REALISATIONS**

Thanks to a large field work in local purchasing, we managed to optimize procurement, resulting in lower costs for our customer!

CIS has also invested in the camp through animation and leisure facilities, with the result of a new life on site, a friendly and happy atmosphere.

## **CUSTOMER BENEFITS:**

- Local economic development with large local purchasing
- Local procurement brought added value as it decreased transportation costs
- Improvement of productivity through a better quality of life on site with dedicated recreational activities
