Major commercial success in Brazil with the signing of a 3-year, \$64 million contract

Following the announcement in September 2023 of 2 major contracts worth almost \$140 million in Guinea (Conakry) and Kazakhstan, CIS continues to grow with the signing of a major contract in Brazil, a country in which the Group has been present for 23 years.

This order from its long-standing national customer Petrobras strengthens the Group's existing positions in Brazil's offshore sector.

In social terms, this success requires the recruitment of more than 500 new local employees across various operating units.

The contract is worth a total of \$64 million over 3 years, starting in January 2024 and gradually ramping up over the 1st half of the year.

CIS: Brazil's leading offshore catering group

This success illustrates the recognition of CIS' business expertise, the solidity of the Group's historical presence in Brazil, and the quality of its services in compliance with HSE standards.

CIS is now the number 1 in offshore catering in Brazil, and has secured a diversified portfolio of activities in both the public and private sectors.

About CIS

CIS was created in 1992 by its Chairman, Régis Arnoux. CIS Group has been supporting major players in the energy, mining, construction and armed forces sectors, at every stage of their projects, in the most remote offshore and onshore environments. As a provider of integrated services, CIS has a full range of services and turnkey solutions designed to assure the well-being and safety of the residents of our remote sites so that our customers can concentrate on their own core businesses. Present in 20 countries with nearly 250 operating sites and a worldwide staff today numbering 12,000, CIS has a strong commitment to contributing to the economic and social development of the local populations and countries where it operates.
